

Occupational Therapy Service Rates

Below are the reduced rates offered to St. Junipero Serra Catholic School students.

Occupational Therapy Initial Assessment

\$300-350

Includes comprehensive evaluation. The evaluation takes approximately 1.5 hours. You will receive a report of evaluation findings and goals of treatment within 4 weeks from the evaluation. Contact me if you have a recent Occupational Therapy Evaluation within two months. Areas we assess include:

- **Grasping Skills**
- **Fine Motor Skills**
- **Visual Motor Processing**
- **Manual Dexterity**
- **Handwriting**
- **Drawing**
- **Sensory Motor Coordination**
- **Strength**
- **Planning and Ideation**
- **Behavior**
- **Classroom Function**
- **Feeding and Picky Eating**

30 Minute Occupational Therapy Individual Treatment

\$60 per session

A treatment involves individual goal-directed activities to assist the child in maximizing their function & potential. May include sensory motor, fine motor, visual motor, self-regulation & feeding.

30 Minute Occupational Therapy Group Treatment

\$50 per session

Students with similar goals and objectives work together in a group to improve their skills. Areas to be addressed may be include sensory motor, fine motor, visual motor, self-regulation & feeding.

60 Minute Occupational Therapy Treatment

\$120 per session

A treatment involves individual (\$120) OR group (\$100) activities designed to address identified areas for growth. Sessions will be divided across two days (i.e., two 30 minute sessions per week). Parent teaching and training may be included.

60 Minute Occupational Therapy Feeding Treatment

\$150 per session

A treatment involves individual (\$150) OR group (\$120) activities designed to address identified areas for growth. Sessions will be divided across two days (i.e., two 30 minute sessions per week). Parent teaching and training may be included.

Teacher Consultation & Classroom Observation

\$30 per 15 minute increment

It is often beneficial to consult with the child's teacher regarding strategies to assist the child in the classroom related to skill, attention, and behavior. It is also helpful for the OT to observe the child directly in the classroom setting to assess function.

Professional Collaboration

\$30 per 15 minute increment

It may be indicated to speak with the child's physician, specialist, or other disciplines like speech therapy, physical therapy or psychological counseling. This collaboration enhances treatment to provide a holistic approach.

Payment is due in advance at the beginning of each month. A superbill will be issued to each parent weekly for insurance reimbursement.
