

Lion's Heart Group Logs 702 Volunteer Hours

Approximately one year ago, sixteen St. Serra boys, now currently in seventh grade, signed up to be part of a newly formed Lion's Heart group. Since then, this group of young men has dedicated a combined total of 702 hours of volunteer service to various activities and organizations within our local community. Lion's Heart, a nonprofit service organization that

connects teens with volunteer opportunities, requires their members to commit to a minimum of 25 volunteer service hours per year. More than half of the members in this St. Serra group logged more than the minimum requirement, with seven of the members dedicating 50+ hours during the year. These members will be receiving a Presidential Volunteer Service Award from Lion's Heart for their amazing efforts.

St. Serra is pleased to recognize our students for their wonderful example of servant leadership in action, and congratulates them on their incredible achievement:
